OPS ask was for 50 uniform members who would be able to provide frontline/traffic requirements and 3 Public Order Units. Our response was we will do our best to get the uniform resources. FYI we don't share this info normally PCO also reached in and we responded that conversations are ongoing with the OPS and the RCMP will support where and when possible.

We are still working with OPS on this deployment which we must balance with other resource demands (close protection, PPS support, other support blockades across the country and our core mandate). I also believe that OPS has been doing the same type of outreach to various Ontario police agencies.
